

Prof. Dr. Gilberto Maia's work mission at the Nikolaev Institute of Inorganic Chemistry - Siberian Branch of the Russian Academy of Sciences - Russia, from September 16, 2019 to October 6, 2019. During his stay in Novosibirsk (Russia), Prof. visited several laboratories, discussed research topics and presented the 60-minute seminar 'Electrocatalysts Applied to Oxygen and Hydrogen Evolution Reactions and Oxygen Reduction Reaction' (in English) on September 26, 2019. The collaborations previously established with Profs. Fedorov and Fedin were initiated with Profs. Artem Gushchin, Alexander Okotrub, Lyubov Bulusheva, and Marina Kosinova, involving materials such as WS, MoS, CN, and Ni-CN.
